

We are dedicated to a smooth transition as we start to bring our two banks together and want to ensure that you are up-to-date with the most current information in the process.

While current world events may have challenged our integration timetable, there are several things we can tell you about our journey to become one bank:

- All Mansfield Bank branches will remain open after the merger.
- Once we are fully operational on a single data processing system in February 2021, you will be able to bank at your choice of any of our 12 convenient branches.
- Mansfield Bank's tradition of customer service excellence will continue through our friendly, familiar and knowledgeable team members.
- Commitment to community is a large part of who we are and supporting our local communities is in our roots. Our commitment to the communities we serve will be stronger than ever.

# Let's get there, *together.*

Along with our new tag line, we're pleased to announce our new logo. We think it speaks volumes about what we stand for in our community.

# We are the bank of the people.

At a time when big banks claim to have it all, from mobile convenience to in-branch cafés, there's one thing they will never have - **community values** - genuine beliefs that inspire and support people through shared responsibility. That is the very foundation Bluestone Bank is built on.

We are the sum of two deep-rooted community banks that share the same values and same commitment to community, and now we will have the chance to prove what that means to you, our customers, every day.

At Bluestone Bank, we know your needs are unique and deserving of our time, attention and respect. Our job is to appreciate those needs, pool our expertise as a team and provide solutions to achieve your goals and improve lives.

**This is how communities grow.**
